DETAILED ACTION

Allowable Subject Matter

Claims 1 and 3-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 3, Applicant's arguments spanning pages 11-16 of Remarks filed 9/9/2003 are persuasive in overcoming the rejection of Brandt (U.S. Patent No. 6,128,053) in view of Itoh (U.S. Patent No. 4,632,222) and in further view of Ostwald (German Patent No. 33 28 339). In particular, Ostwald fails to disclose the plastic surface metallising process as applicable to a liquid crystal display heating device as proposed in claim 1. In light of Applicant's arguments, the Examiner agrees that the combination of references is improper and the rejection is withdrawn.

Newly added Independent claims 13 and 14 are allowed for reasons as expressed above. The prior art fails to disclose the particular methods for forming a heated liquid crystal display comprising the particular liquid crystal cell, plastic support, and metallic layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
